

359 - NON-STUDENTS RIDING SCHOOL BUSESSES

Background

Generally, school busses will provide transportation only to students attending regular K-12 programs. Situations may arise, however, where pre-school may be transported on a school bus.

Regulations

1. Any non-student riders on school busses must have the prior approval of the Transportation Supervisor.
2. Any non-student riders on school busses must be at least 40 pounds in weight and eligible to ride in a motor vehicle without a child seat. Satisfactory proof of the child's weight shall be determined by the Transportation Supervisor in his sole discretion.
3. Non-student riders shall be eligible to ride regular school busses only if there is sufficient room for students registered to ride the bus.
4. Non-student riders shall only be picked up and dropped off at stops already established for registered student riders.
