All prices are in Canadian Dollars and include local transportation, books, and ESL support. Students are expected to pay any sport or option fees and provide their own supplies. Students are also responsible for the government examination fee for writing Grade 12 diploma exams (approx. \$55 per exam), if applicable.

All fees are for the academic year of the Student Application and are subject to change for the next academic year. The Registration fee and Placement fee are payable only for the first full year of a student's attendance – these fees are not charged in second or additional years.

A full refund of fees (except non-refundable registration fee) will be made in the event the study permit is denied. There is no refund of fees once the study permit has been issued and the program has commenced except for Homestay Fees, for which any unused portion will be refunded.

\* Alberta Health Care Insurance is highly recommended as an alternative.
