

PARENT SUPPORT GROUP – DRAYTON VALLEY

If you are a parent of a child who has ADD, ADHD, Autism, Asperger's, ODD, OCD, speech issues and/or social problems in school or outside of school, and would like the support of a Parent Group, please give us a call.

We are a local group created by parents for parents and we meet the third Monday of each month to discuss issues and support one another in finding the best ways to help our children become the best they can be.

Feel welcome to come out and join the group!

For more information and details on location and time, please contact Cindy Andersen at 780-542-6352 or email: toopy_rachael@hotmail.com
